

## Supply Chain Management.

### Seamless Processes. Synchronized Transport.

We pride ourselves on providing better supply chain efficiency to make sure you always have the right solution in the right place at the right time. Whether you need domestic inbound logistics, outbound logistics, or an expedited delivery solution, Fastmore manages service across multiple modes of transportation throughout the entire supply chain. This allows us to optimize your network to reduce costs and maintain an uninterrupted supply chain.

#### ▶ **Shipment Planning and Route Optimization**

The Fastmore team will leverage our experience to provide the best shipping solutions to find the most efficient and cost effective route, while meeting your security and compliance requirements.

#### ▶ **Carrier Vetting and Procurement**

Built on years of experience and industry knowledge we developed a rigorous carrier vetting and procurement process, that improves supply chain security and meets customer compliance requirements.

#### ▶ **KPI Reporting**

Fastmore collects data for shipment and carrier compliance monitoring. It allows us to improve service quality and hold carriers accountable, resulting in a more efficient service for our customers.

#### ▶ **Online Customer Tools**

Expedite your next shipment quoting and tender with our comprehensive customer online tools at [www.fastmore.com](http://www.fastmore.com).
