

## Technology.

### Machine Efficiencies. Expert Guidance.

Fastmore matches high tech products and human touch to get the job done accurately and efficiently. We've assembled the best technology—and the right processes—to simplify logistics. From live shipment tracking and imbedded GPS devices to status alerts and automated checkpoints, we provide optimized supply chain visibility. By slashing the time it takes to manage your shipping operations, we help increase the profitability of each shipment.

- ▶ **Live Online Shipment Tracking**

Real-time status updates are available at [www.fastmore.com](http://www.fastmore.com) 24/7.

- ▶ **Online Quoting and Pickup Requests**

Get your quotes faster and tender shipments with our comprehensive customer online tools at [www.fastmore.com](http://www.fastmore.com).

- ▶ **Automatic Shipment Status Alerts**

Shipment status alerts ranging from arrival and pick up confirmation to appointment alerts.

- ▶ **Automatic Proof of Delivery (POD)**

POD for each shipment is provided minutes after delivery completion.

- ▶ **Automatic Detention Alerts**

Pickup or delivery detention alerts based on predetermined loading/unloading time.

- ▶ **Asset tracking and Geo-fencing**

Real-time location, temperature and other environmental conditions of your cargo. Use our geo-fencing tools for risk management utilizing pre-determined routes.

- ▶ **Online Documentation and Shipment Activity Reports**

View unlimited shipment history reports and related documentation online at [www.fastmore.com](http://www.fastmore.com).

- ▶ **Electronic Data Interchange (EDI)**

We can increase the speed and improve the accuracy of information flow with EDI. Available options include load tender, confirmation, status updates, invoicing and hard copy POD return.
