

Fastmore wanted to advise our carrier partners of a change in appearance to their Automatic Rate Confirmations.

***Please note: The process will not change, just the appearance.**

When a shipment is booked, the notification email will appear as shown (right). Select the "Go To Rate Confirmation" link in the email.

The carrier will then enter in the driver information (required fields notated by asterisks) and click **Save**. Once saved, **select Sign Rate Conf**. Once you select Sign Rate Conf, no further action is required.
